**IMPORTANT NOTE ON COURSE DELIVERY FOR SUMMER 2021:**

This Summer 2021 course will be offered entirely online as part of the University's plan to ensure everyone's safety during the Covid-19 pandemic. Please read the outline carefully to see which course components will be offered synchronously (where you are expected to participate at the usual scheduled course time) and which components will be offered asynchronously (to be completed on your own time). Synchronous course sessions will normally be hosted on Zoom, a video-conferencing program. To access scheduled Zoom course sessions, go to D2L, click on the COMMUNICATION tab, and select Zoom 5 or 10 minutes before class is scheduled to begin.

If you will not be able to participate in scheduled synchronous class sessions owing to time differences, then you should arrange to take this course when it is offered in person in the future.

Note that the time indicated on course outlines for all timed quizzes and exams in CMCL, COMS, and FILM courses includes 50% extra time to allow for technical difficulties.

### **Course Description**

An introduction to professional and technical communication in diverse media. Examines the rhetorical dimensions of workplace settings as well as the process of planning, composing and delivering professional and technical communication for various audiences.

### **Additional Information**

The weekly schedule of topics and readings can be found at the end of this outline or on D2L. All components of this course are asynchronous.

Students are responsible for reading and following all course and university policies discussed in this outline.

### **Objectives of the Course**

By the end of this course, students should be able to

- approach workplace communication rhetorically, focusing not only on their purpose in writing but also on the needs and expectations of their audience and considering the ethical dimensions and other relevant features of the writing context.
- format basic workplace genres, including formal and informal reports, proposals, letters, memos, emails, and, optionally, résumés, instructions, technical descriptions, and websites.

- write and design effective print and online documents, using headings, lists, well-crafted paragraphs, and white space.
- effectively use, design, and present figures and tables.
- conduct secondary research (locating relevant sources using the U of C library search tools online). Depending on the focus of the recommendation report assignment, students may also be expected to know how to construct and interpret and present results from a simple empirical study (e.g., a small-scale usability study involving testing, interviews, or surveys).
- effectively use and correctly cite information from sources using a citation style appropriate to the course audience, ideally APA and/or IEEE style.
- edit documents to eliminate common writing errors.

### **Textbooks and Readings**

Meyer, C. (2017). *Communicating for Results*. Fifth Edition. Don Mills: Oxford University Press.

### **Learning Technologies and Requirements & Policy on the Use of Electronic Communication Devices**

This is an online course. In order to complete online (or blended) courses, University of Calgary students are required to have reliable access to the following technology:

- A computer with a supported operating system, as well as the latest security and malware updates, with current antivirus software enabled;
- Broadband internet connection, and a current and updated web browser;
- A webcam (built-in or external);
- A microphone and speaker (built-in or external), or headset with microphone.

Most current laptops will have a built-in webcam, speaker and microphone. If you need access to other software programs to complete assignments, your instructor will provide relevant information and links.

If you have technical difficulties, contact the university's IT department. For more information, see <https://www.ucalgary.ca/pubs/calendar/current/student-campus-services-information-technologies-it.html>

Instructors may arrange to record synchronous zoom class sessions for lesson capture; however, students are not to share recordings with others. Please carefully review the section on Instructor Copyright at the end of this outline.

**Supported technologies:** Course technologies usually work with all the major browsers (i.e. Firefox, Internet Explorer, Chrome, Safari) and operating systems (Mac, Windows, etc). However, compatibility problems may occur with outdated browsers, plugins or apps, and usability issues may occur on mobile devices. Check your system's compatibility in Desire2Learn via My Tools > System Check. Students are responsible for ensuring they have personal computer systems that are compatible with course technologies, or they must use on-campus computers provided in libraries or labs.

**Sending email:** When initiating an email to your instructor from your own email program, send email to [mickey.vallee@ucalgary.ca](mailto:mickey.vallee@ucalgary.ca) and put "COMS 363" anywhere in the subject line.

**Email management:** Students are responsible for ensuring they receive course email notifications and messages from the instructor and receiving notifications they have subscribed to (i.e. email notifications of new messages from teammates in group discussion forums). Make

sure course messages do not get filtered into spam or junk folders or get rejected by your mail server. By default, Desire2Learn will use the email address associated with your U of C ID. Configure your notification preferences in your D2L Settings, and then subscribe to desired discussion forums & threads.

**Word processing software:** The use of Microsoft Office software (ideally, 2007 or later) is highly recommended. Assignments require advanced features of Office programs (Microsoft Word, Microsoft Excel) for professional formatting of tables, graphs, tables of contents, page numbering, headers, etc. MS Office is available to U of C Students through [Office 365](#).

### Assignments and Evaluation

### **Policy for Late Assignments**

Assignments submitted after the deadline may be penalized with the loss of 5% or a partial letter grade (e.g.: A- to B+) for each day late.

### **Student Accommodations**

Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services (SAS); SAS will process the request and issue letters of accommodation to instructors. For information on support services and accommodations for students with disabilities, visit [www.ucalgary.ca/access/](http://www.ucalgary.ca/access/). Students who require an accommodation based on a protected ground other than disability should communicate this need in writing to their Instructor. The full policy on Student Accommodations is available at <http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf>.

Students seeking accommodation for transient illnesses (e.g., the flu) or another legitimate reason should contact their instructors. Whenever possible, students should provide supporting documentation to support their request; however, instructors may not require that a medical note be presented. For the policy on supporting documentation the use of a statutory declaration, see Section M.1 of the *University Calendar*: <https://www.ucalgary.ca/pubs/calendar/current/m-1.html>. Also see FAQs for Students: <https://www.ucalgary.ca/registrar/registration/appeals/student-faq>

### **Expectations for Writing**

Department policy directs that all written assignments and, to a lesser extent, written exam responses be assessed at least partly on writing skills. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization and proper documentation of research sources. For further information, please refer to the *University of Calgary Calendar* section on writing across the curriculum: <http://www.ucalgary.ca/pubs/calendar/current/e-2.html>

### **Grading & Department of Communication, Media and Film Grade Scale**

The following table outlines the grade scale percentage equivalents used in the Department of Communication, Media and Film. Final grades are reported as letter grades. For components graded using percentages or numerical scores, those values will be used directly in calculating the final course grade, while for components graded using letter grades, the letter grades will be converted to the midpoint values listed in the final column of the table below in calculating the final course grade.

In this course, percentage grades will be used for all assignments.

Grade Point Value	Description	Grade	Dept of CMF grade scale equivalents*	Letter grade % equivalent for calculations*
4.00	Outstanding performance	A+	96 - 100%	98.0%
4.00	Excellent performance	A	90 - 95.99%	93.0%

\* Column 4: If percentages are used to calculate final grades, then grades falling within these ranges will be translated to the corresponding letter grades. Column 5: These percentage equivalents will be used for calculating final grades unless an alternative method of final grade calculation is outlined above.

## Plagiarism

Using any source whatsoever without clearly documenting it is a serious academic offense. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university. These requirements apply to all assignments and sources, including those in non-traditional formats such as Web pages or visual media.

You must document not only direct quotations but also paraphrases and ideas where they appear in your text. A reference list at the end is insufficient by itself. **In-text citations must be provided, and readers must be able to tell exactly where your words and ideas end and other people's words and ideas begin.** Wording taken directly from a source must be enclosed within quotation marks (or, for long quotations, presented in the format prescribed by the documentation style you are using). Paraphrased information must not follow the original wording and sentence structure with only slight word substitutions here and there.

For information on citation and documentation styles (MLA, APA, Chicago, IEEE, etc.), visit the Student Success Centre resource links at <https://ucalgary.ca/student-services/student-success/writing-support> or the Purdue Online Writing Lab (OWL) Research and Citation Resources at [https://owl.purdue.edu/owl/research\\_and\\_citation/resources.html](https://owl.purdue.edu/owl/research_and_citation/resources.html)

If you need help with your writing or have questions about citing sources, please consult your instructor or visit the Student Success Centre, 3<sup>rd</sup> floor, Taylor Family Digital Library. To book an appointment, go to <https://success.ucalgary.ca/home.htm>

Check with the instructor if you have any questions about sharing materials with classmates.

All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright ([www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright.pdf](http://www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright.pdf)) and requirements of the copyright act (<https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html>) to ensure they are aware of the consequences of unauthorized sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy.
